2 While submitting to Government the report for the year 1907 1908, it was hoped that the heavy closing balance would be considerably reduced during the year of report after metalling Road No 32—Naxalbari to Khoribari But it now appears that the balance is again heavy this year and is said to be due to an advance of Rs 15,000 for the aforesaid road remaining unadjusted during the year The Deputy Commissioner has been asked to explain this, and in reply forwards a copy of a letter from the Executive Engineer that a sum of Rs 14 137 6 7 was spent on the road during the year, and reports that no accounts of the expenditure noted have been received in his office for adjustment He is being asked to see that in future all expenditure out of funds allotted in a particular year are adjusted before the close of that year, as otherwise it throws out budgets and annual accounts

3 The work of the District Committee and also of the Kurseong and Terai Branch Committees was satisfactorily carried on throughout the year, and thanks are due to the gentlemen named in paragraph 14 of the report and to the members of the Committee for their work in this respect

2 The average percentage of attendance of the members of the Committee at their meetings held during the year was only 32 77 against 44 73 in the previous year This is very unsatisfactory The Deputy Commissioner s attention is being invited to these figures On the other hand, a meeting was convened regularly once a month

3 Efforts were made by the Committee, with their present District Engineer, to reduce the unspent balance in their hands by utilising it to the best advantage Instances have however, been brought to my notice in which the Committee undertook works which had not been sanctioned by competent authority This procedure should cease, and I have taken steps to stop it

4 The delay noticed in paragraph 2 of the report in auditing the accounts of the Committee by the Local Auditor is being brought to the notice of the Accountant General, Bengal

EXPENDITURE

4 *Repairs—Civil Buildings* —The Road Cess building and godown at Chaibassa was repaired at a cost of Rs 270 14 2 during the year

5 *Original Works—Communications* —During the year a sum of Rs 20 632 4 11 was spent under this head Of this a sum of Rs 4 198 was spent on improving the Jyntgurh road Out of Rs 5,000 received from Government for the construction of Inspection Bungalows in the Kolhan Government estate a sum of Rs 500 has been spent No work has been done over Haludpukur Purnapani road during 1908 09 the payment of Rs 560 2 11 shewn against it is on account of work done in 1907 08 The reason for not spending money on this road is that the Railway between Kalimati and Goirnasini is under construction and a road running on along the line in the same direction seems hardly necessary Further, no repairs that could have been done, would have saved the road from being spoilt entirely by the heavy traffic for which the construction work has entailed in this part

6 *Repairs—Communications* —Out of 29 roads 16 roads were repaired during the year at a cost of Rs 7 487 4 8 against a revised allotment of Rs 10 131 The roads, Nos 7 and 9 in Porahat, 10, 11 15 and 16 in the Kolhan and 18, 19 20 and 21, together with village roads Nos 5, 6, and 7 in Pargana Dhalbhum have not been repaired during the year
